# Export-Import Bank of India (1005Z IN)

FUNDAMENTAL VIEW 1 As of 26 Dec 2023 KEY METRICS As of 26 Dec 2023

- The Export-Import Bank of India (EXIMBK) was founded in 1982. Its credit standing
  is built upon the key role it plays in the promotion of India's cross border trade
  and investment development, as India's official export credit agency.
- EXIMBK is 100% owned by the Government of India. Given its crucial policy role, close governmental links and quasi-sovereign status, we view it as inconceivable that the Indian government would fail to provide EXIMBK with support in a timely manner, if needed.
- EXIMBK's credit ratings are thus in line with the Indian sovereign, at Baa3(stb)/BBB-(stb)/BBB-(stb).

As of 26 Dec 2023

- As a quasi-sovereign issuer with backstops from the Government of India and the Reserve Bank of India (RBI), EXIMBK is rated in line with the Indian government at Baa3(stb)/BBB-(stb)/BBB-(stb). Any downgrades in India's sovereign rating will have a negative impact on its credit ratings.
- EXIMBK's policy role may require it to, at times, take on exposures that could lead
  to financial losses. This has led to poor asset quality and high impairment charges
  similar to the public sector commercial banks during the years leading up to the
  pandemic.
- Capital standing, however, is robust thanks to capital infusions from the
  Government of India which have been stepped up in recent years INR 50 bn was
  injected in FY19, followed by infusions of INR 15 bn and INR 13 bn in FY20 and
  FY21 respectively. The bank received INR 7.5 bn in FY22 despite capital levels
  remaining strong during the year. A further INR 15 bn from the FY23 budget was
  allocated for the bank but utilized due to the comfortable capital position.

#### **GLOSSARY**

 $^1$  The **Fundamental View** is our current assessment of credit quality and our expectation of how credit quality will trend over the next year or longer.

<sup>2</sup> The **Credit Quality Score (CQS)** is a number between 5 and 100. It is a medium-term credit score for corporates and financial institutions that utilizes a combination of sector fundamental scores and equity market signals. Values of CQS above 50 generally indicate investment grade credit quality.

<sup>3</sup> The **Credit Quality Score (CQS) Outlook** is the near-term (3 month) outlook for the CQS, based on its trend, volatility and distance from the adjacent CQS risk bucket.

<sup>4</sup>The **Agency Composite Rating (ACR)** is the average senior unsecured rating from one or more major rating agencies.
